

Privacy Policy

Muros International Limited (Muros) is committed to protecting your privacy. All information gathered by Muros will be stored securely.

Collection and Use of Information

The information Muros collects about website users will be used only for research and permission based marketing activities.

Muros does not collect any personally identifiable information about you unless you voluntarily submit such information via registration of product, filling out a form or survey, attending an event, entering competitions, promotions or similar activities.

Personally identifiable information includes names addresses, phone, fax or email addresses. Any personal information collected on our site remains confidential to Muros and its related entities and will not be sold, published or shared with other parties without permission.

We do not wish to obtain personal information from children who are using our site unsupervised. Thus, we ask children to obtain the consent of their parent or guardian before providing us with any personal information.

It is our policy to send email only to customers who give us permission to do so, however existing clients may occasionally receive email communications from Muros to provide information which we think they will find useful, including information about Muros products or services.

Each email will contain instructions for unsubscribing from the email list.

Disclosure of Information

Muros will not sell, trade or rent your personal information to others.

Review and Removal of your Personally Identifiable Data

Muros respects your right to access personal information we have collected about you at any time and make changes you request. Please contact Muros by email enquiry@muros.co.nz or phone 09-523 3443 should you wish to update or remove details from our list.

Cookies

Some of our web pages may use "cookies" and other tracking technologies. A "cookie" is a small text file that may be used, for example, to collect information about website activity. Some cookies and other technologies may serve to recall Personal Information previously entered by a Web user. Most browsers allow you to control cookies, including whether or not to accept them and how to remove them. Cookies are small pieces of information stored on your hard drive, not on our site, to help you navigate a website as easily as possible. Refer to your browser help screens for more information on managing cookies.

Security

Industry standard methods are used to protect your personally identifiable information from unauthorized access. Among other techniques, we usually store such information on a computer behind our "firewall" in a secure location, and access to such data by employees is restricted.

Amendments

By using this website, you consent to the terms of our Privacy Policy and to Muros's processing of Personal Information for the purposes given above as well as those explained where Muros collects Personal Information on the web. Changes to this privacy policy will be posted to the website and be effective when posted.
